Goose Island Tap House has more than 14 speciality beers, with choices including Goose Island Midway, Goose Island IPA and Helles Golden Goose. There's also a range of cocktails. Hops start from AED45 for a bottle and AED55 on tap.

As a hub for craft beers, the venue also has 'The Barrel Room' for private groups or beer and gins tastings.

Entertainment-wise, there's simulated golf, pool tables and a plethora of TVs for sports event coverage. There are also private screening booths, and in usual FIVE Hotels and Resorts fashion, there will be live DJs on the weekends.

Food has all the typical gastropub suspects, from a wide range of pizzas, burgers and fries, to a pork menu with the pikes of pork belly with cider and pork tacos.
